PFB CORPORATION ANNOUNCES ROBERT GRAHAM AS CHIEF EXECUTIVE OFFICER

CALGARY, ALBERTA--(TSX – PFB)

The Board of Directors of PFB Corporation at a regular meeting today announces the appointment of Robert Graham to Chief Executive Officer effective March 8, 2018.

Mr. Graham joined PFB Corporation in 2016 and has held several positions throughout the past two years, most recently Executive Vice President. As part of the realignment of executive responsibilities, C. Alan Smith now assumes the role of Executive Chairman of the Board and stated, “Rob has been transitioning to this role at PFB for the past two years. We are confident that he has the leadership qualities to continue growth and strong results in the future.”

About PFB

PFB Corporation has two operating subsidiaries, Plasti-Fab Ltd. that operates in Canada and PFB America Corporation that operates in the United States. PFB develops, manufactures and markets insulation building products and technologies based on expanded polystyrene technology; that, when used as components of a building envelope, enable residential and commercial structures to be highly energy-efficient. We are also experts in engineered geotechnical applications of our products. PFB building products are used in both new and renovation markets in residential, commercial and industrial projects.

The group is vertically integrated in manufacturing insulating building products marketed across North America under brand names, Plasti-Fab, EPS Product Solutions®, Advantage ICF Systems®, Insulspan® Structural Insulating Panels Systems, and the PFB Custom Homes Group which includes Riverbend® Timber Framing, Precision Craft® Log & Timber Homes, Point Zero Homes and M.T.N. Design.

PFB Corporation is listed for trading on the Toronto Stock Exchange, symbol PFB.
